Activity:

1. Mix flour, salt, and water into a mixing bowl.
2. Knead dough for approximately 10 minutes.
3. Roll out dough (approximately ¼ inch) on parchment paper to prevent dough from sticking.
4. Using a cookie cutter, cut out the easter egg shape and place on a baking sheet.
5. Using a straw, punch a hole at the top of the egg.
6. Set aside to dry. For a quicker dry, bake in an oven at 300 degrees for about an hour.
7. Get creative! Decorate eggs using paint, glitter, etc.
8. Let eggs dry.
9. Loop string/twine through the hole on the egg, tie the ends of the string/twine together.
10. Hang up the eggs!
